Political Speculations Focused on Eisenhower

WASHINGTON, Aug. 10.—(P)—Republican backers of Gen. Dwight D. Eisenhower agreed today with President Truman's guess the general isn't interested in the Democratic presidential nomination.

At the same time, however, Senator Carlson (R-Kas.) told a reporter he thinks that whether Eisenhower becomes available for the Republican nomination "will

War on Dope Set for Ohio

COLUMBUS, Aug. 10.—(P)—Plans for a concerted effort to wipe out illegal narcotics traffic in Ohio were announced yesterday by a group within the governor's committee to combat illegal narcotics.

First step, the sub-committee said, will be to place in the hands of every law officer in the state a booklet giving the facts on narcotics.

The booklet will describe narcotics laws; how to tell a dope addict or a marijuana user, and give characteristics of the various habit-forming drugs and marijuana, the sub-committee said.

The booklet also will tell what is needed by way of evidence to obtain convictions of charges of using or selling drugs.

The sub-committee said 10,000 booklets will be printed.

Wray Herdman brought an ugly looking green worm, with head-light-type projections and small blunt legs on it, into the office Thursday and wanted to have it identified, but none of the members of the news staff could provide him with the answer. The worm was found by Wray on a plum tree. Wray is the son of Mr. and Mrs. Claude Herdman of 827 East Temple Street.

A veteran of World War II in Washington C. H., had some good advice to offer present members of the armed forces.

He claimed that he has lost about \$1,000 in benefits because he did not keep records of medical treatment he received, his government insurance records and such records as when he served at a certain place and when he was transferred.

"These fellows should be told to keep every piece of paper they get when in the armed forces because they will be surprised someday to learn that the records will help them get benefits to which they are entitled when and if the war in Korea stops and demobilization takes place," he said.

"After you get out," he said, "you can't rely on the government to have kept your records. It's just too big a job to keep track of everybody's records properly and you may be called on to furnish a duplicate copy of this or that," he added.

That sounds like a good piece of advice which present members of the armed forces should seriously take to heart.

Home Building All Right--If Materials There

Controls Flexible And Designed as Check on Shortages

WASHINGTON, Aug. 10.—(P)—It's O. K. with the government to go right ahead and start building your dream house. Whether it's a tin bungalow or a big mansion doesn't matter.

What is important is you have on hand or in sight all but small amounts of steel, copper or aluminum that will be needed after Sept. 30 to finish it.

If you don't, you had better get an authorization before you start. Otherwise the house-warming might be delayed.

Still busy explaining the new government construction order (M-4A issued Aug. 3), National Production Authority (NPA) officials emphasized anew today what it does and doesn't do.

The main thing it doesn't do insofar as home building is concerned is to put any barrier in the way of starting construction.

And the main thing it does do is to fix rigid limits on the quantities of scarce metals that may be used without specific authorization after Sept. 30.

If more metals will be needed than the allowable limits, an authorization and allotment of the materials must be obtained now.

Just Go Ahead--If But for the home builder who has the materials or has them promised—all but small quantities, that is—nothing has to be done.

Just go ahead and start building.

Here are the quantities of controlled materials for various types of dwelling construction for which the "self-authorization" procedure may be used starting Oct. 1:

Officer Under Fire On Chiseling Charge

WASHINGTON, Aug. 10.—(P)—A congressional committee today fired more charges at an air force colonel as it resumed an inquiry into allegations that as a Veterans Administration official in Texas he used his position for personal profit.

The committee, investigating administration of the veterans' education program, accused Lt. Col. Leon P. Howell of falsifying travel vouchers, obtaining unauthorized medical services and other irregularities.

One specific accusation was that he flew at government expense to a golf fishing tournament in which he won a trophy. Another, brought out at yesterday's session, was that he made a \$5,400 profit on a house built with a VA loan.

Howell has denied any wrongdoing.

Church Bishop To Run For President in 1952

NEW YORK, Aug. 10.—(P)—Bishop Homer A. Tomlinson, general overseer of the Church of God, said today he will run for president of the United States in 1952 on a "platform of righteousness."

"The time has come," said the 52-year-old bishop, "for the people of God to realize their power and take over the political leadership of those who make their plans in beer halls and rooms full of cigarette smoke."

Soviet Tightens Grip on Poland

American Culture Is Put Under Ban

WASHINGTON, Aug. 10.—(P)—State Department officials said today Russia undoubtedly is tightening the iron curtain around Communist Poland.

This opinion underscored a department announcement last night the Polish government had ordered an end to all American cultural activities in Poland, and that "there was no alternative but to comply with his request."

In retaliation, and within a matter of hours after receiving word of Warsaw's action, the American government ordered the Polish Research and Information Service at New York closed today at the latest.

Children Problem While Mother in Jail for Speeding

YOUNGSTOWN, Aug. 10.—(P)—A juvenile court judge protested today because a 27-year-old mother had been jailed for speeding and separated from her three small children.

Mrs. Mary Ellen Kopko was caught yesterday driving 70 miles an hour in Youngstown, enroute to her home in Shamokin, Pa. She pleaded guilty and Municipal Judge Robert B. Nevin sent her to jail for five days and ordered her youngsters placed under county care.

Henry P. Beckenbach, juvenile court judge, telephoned Nevin today and asked him for leniency. He said Nevin told him he was not concerned about the children and hung up on him.

Mrs. Kopko, behind bars, said her chief concern was the care of the youngsters, Timothy, 6, William, 4, and David 17 months are in the detention home and one in a private home. Her husband, Michael, works in Detroit in an auto plant, but she does not want him to pick up the children because she is "afraid he might lose his new job."

Polio Hits Five In Same Family

CHICAGO, Aug. 10.—(P)—Polio struck five children in one family in a week last month, resulting in the death of one child. The other four, a physician disclosed yesterday, are recovering.

Fatally stricken was the eldest of the five children of Mr. and Mrs. George W. McGurn, Margaret Mary, 9. Still seriously ill is her sister, Anne, 5. The physician said the other McGurn children, George, 7, Jane, 4, and Mary, 18 months, had light attacks.

Two other children, neighbors of the McGurn in suburban Elm-hurst who were stuck at the same time, also are recovering.

Communist World Deserted by Youths

BERLIN, Aug. 10.—(P)—Eluding tightened police controls, additional tens of thousands of Iron curtain youths deserted the Communist World Youth Peace Festival today to visit free west Berlin.

It was the second great invasion wave, staged by a new mass of youths whom the Communists had brought to the east Berlin festival from the surrounding Russian occupation zone. Shortages of supplies and housing for the two-week show requires the delegates be brought in shifts for visits of about five days each.

West Berlin authorities, who have the task of interviewing and entertaining the visiting youngsters, reported about 700 had inquired about asylum in the west since the festival opened last Sunday. Only a small fraction are accepted for this, however.

Because of the already heavy financial burden of the refugee load, only those are taken who prove they can't safely return home. The others are given a quick indoctrination of anti-Communism and advised to go home but hold fast to the faith even under the pressure of Communist rule.

New Atomic Tests To Be Made Soon

LAS VEGAS, Nev., Aug. 10.—(P)—The Atomic Energy Commission will start a new series of small explosions Aug. 15 at the Indian Springs testing ground.

Purpose of the explosions, the commission said yesterday, is to "obtain detailed data for anticipating atmospheric conditions during test operations and to study the effect of temperature inversion and upper winds on blast waves."

The commission announcement did not say the blast would be of atomic origin. It referred only to "small amounts of high explosives."

McCarthy Names Communists Under Senatorial Immunity

WASHINGTON, Aug. 10.—(P)—Senator McCarthy (R-Wis.) offered today to let a "committee headed by a good Democrat" decide who is right in his latest feud with the State Department and some fellow senators over his charges of Communism in government.

He suggested Senator McCarran (D-Nev.) and the Senate internal security subcommittee he heads.

Traffic Violator Winds Up in Oven

FRANKFORT, Ky., Aug. 10.—(P)—A possum perched on a traffic light on Main Street today almost caused a traffic jam.

The animal crept down a guy wire that helps suspend the light over the intersection. It settled down atop the light and seemingly enjoyed the crowd's efforts to coax him down.

A Negro solved the situation. He got a long pole and reached up to the top of the blinking light. The possum nonchalantly crawled down the pole, right into a sack his captor had waiting for him.

Possum, cooked right, with sweet potatoes, is good eating.

Military Expansion Heads for Approval

WASHINGTON, Aug. 10.—(P)—The House was expected to approve today a \$5,768,000,000 military construction bill aimed at bolstering U. S. defense here and abroad against any Communist aggression.

The House foreign affairs committee last night okayed a \$7,848,750,000 foreign aid bill to help friendly nations strengthen their military and economic muscles. The House may vote on this next week.

Both measures together would add another \$13,616,750,000 to the record peacetime \$56,062,405,890 military budget passed yesterday by the House, 348 votes to two. Both pending measures will require Senate approval and separate legislation later actually putting up the money.

The \$56,062,405,890 bill to finance the armed forces for fiscal 1952 was strictly cash. Its prompt approval by the Senate was expected just as soon as routine committee consideration is completed.

It represents a cash charge of \$364, or almost one dollar a day, for every man, woman and child in the United States during the fiscal year ending next June 30.

CLEVELAND, Aug. 10.—(P)—A drummer and a saxophone player were charged with growing their own marijuana in a 12 by 15-foot patch near door to St. Stephen's Catholic Church.

Progress Stalls Over Question Of Buffer Zone

Outlook Is Glum With Both Sides Refusing to Budget

By ROBERT B. TUCKMAN
UN ADVANCE HEADQUARTERS, Korea, Aug. 10.—(P)—Deadlocked United Nations and Communist truce negotiating delegations sat for two hours and 11 minutes in dead silence today, each waiting for the other to change his position.

The unprecedented silence was precipitated, the United Nations command said, when the Communists refused to talk about anything except a buffer zone located where they want it.

Vice Adm. C. Turner Joy, chief UN delegate, proposed several alternatives to break the deadlock. Then he waited for North Korean Lt. Gen. Nam Il, head of the Red delegation, to reply.

Nam said nothing.

For 131 minutes, nobody spoke. "The air was full of electricity," said Brig. Gen. William P. Nuckolls, official UN command spokesman.

Chinese Embarrassed He said General Nam fidgeted in nervous embarrassment, smoked cigarettes incessantly, drummed on the green-topped conference table with his fingers or his cigarette lighter, and glanced repeatedly at his wrist watch.

Occasionally he received notes from staff officers behind him. But he said nothing.

The other four Communist generals held occasional whispered conferences. Most of the time, Nuckolls said, they remained impassive.

Admiral Joy sat calmly. Nuckolls said, "writing notes in a detached sort of fashion."

Joy appeared patient; sometimes bored, Nuckolls said.

Joy finally broke the silence. When negotiations resumed after a five day break, UN delegates offered a series of alternatives intended to break the disagreement over where to end the shooting war.

The Communists turned all UN proposals down.

The five Red generals refused to consider anything except a buffer zone back along the 38th Parallel.

The Red spokesman even resorted to more than two hours of silence in an effort to gain his point, a UN communiqué said.

The armistice talks appeared to be at their most critical point since they began a month ago today. The UN communiqué indicated the tension ridden conference might be nearing a breaking point.

The Allies described the position of the Communists as "adamant." They talked across the green-topped conference table for four hours and 12 minutes, without a break.

Despite the length of the session, a UN spokesman said they "still made no progress."

They meet again tomorrow at 11 A. M. (8 P. M. EST, Friday).

Death Toll At Least 12 In Louisiana

SIMMESPORT, La., Aug. 10.—(P)—A head-on crash of a Kansas City southern streamliner and a 300-marine troop train today killed at least 12 persons and injured 60 or more, state police reported.

None of the dead was identified immediately, the state police report said. The bodies were enroute to nearby Morganza, La.

The wreck occurred about 7 A. M. in a desolate swamp area 60 miles northwest of Baton Rouge, La.

State police detailed 100 officers to the scene where communications were crippled by the wreck. Telephone lines paralleling the railroad were knocked down and only death messages could be telephoned out of the area.

Casualty reports varied widely but a Kansas City southern employee at the scene verified the state police report that the known death toll was 12 persons.

Several of the cars and both Diesel engines caught fire after the smashup. A passenger on the Southern Belle said marines told him three or four officers were trapped in a burning car.

In Washington, the Marine Corps said the troops were being transferred from Camp Lejeune, N. C., to the west coast.

Reports From Scene

Reports from the scene said all injured have been removed to hospitals or clinics in surrounding towns, making an accurate count more difficult.

The passenger train was south-bound en route to New Orleans. The troop train was north-bound en route to San Diego, Calif. The passenger train was the Southern Belle operated by the Louisiana and Arkansas Railway, a subsidiary of Kansas City Southern.

L. W. Graves, a passenger on the Southern Belle, said the first car back of the troop train engine burned and marines said three or four of their officers were not rescued.

Graves said the accident occurred shortly after 7 A. M. but help could not be notified until one of the passengers or trainmen walked several miles through the desolate swamp to a telephone.

Graves, uninjured himself, said two or three cars of the troop train were derailed and several of the passenger cars.

Both Diesel engines caught fire after the impact, he said.

State police had reports bodies were spilled over the area.

Communications into the sparse areas were limited and details were lacking on the number of dead—if any—and injured.

The Southern Belle is a Kansas City Southern Railway train operating between New Orleans and Kansas City. It was en route to New Orleans when the trains crashed.

Congressman Barred From Test for Draft

WASHINGTON, Aug. 10.—(P)—Selective Service has refused Rep. Ayres (R-Ohio) permission to take the college deferment examination. The Ohioan made public today a letter from Maj. Gen. Lewis B. Hershey, Selective Service director, who said:

"It will not be possible to arrange for you to take the test, as it is prescribed for registrants only x x x."

Any deviation from this policy, Hershey continued, would open to "additional requests from non-eligibles to take the test."

Ayres had asked that he be allowed to take the exam "along with the prospective draftees."

He told a reporter at the time he hoped to find out "on what basis the examination proves that a man should be exempt from military service."

Ayres today noted Hershey's statement that the plan did not contemplate deferring college men on the basis of their grades in the exam alone, but that the weight to be given these grades was to be left to the discretion of the draft boards.

The World Today

By JAMES MARLOW
WASHINGTON, Aug. 10—(P)—Trying to keep down living costs is like trying to sit on a pail of steam. And now just a little more steam has escaped.

Railroads have been allowed to raise their freight rates. They got permission yesterday from the ICC, the Interstate Commerce Commission.

Since this, of course, raises the cost of shipping goods, the shippers will want to boost the price of their goods to pay for the added cost.

But the retailer who buys from the shipper will get stuck unless he can tack on this higher price to the goods which finally are sold to you.

So you get stuck, the consumer. You're the last buyer.

That's a simplified explanation of how prices will rise as a result of the ICC ruling. But right away a couple of things come to mind:

1. I thought we had a new price control law to keep prices down.

2. I thought OPS -- Office of Price Stabilization -- was supposed to sit on prices.

3. How come, if we have OPS, the ICC can do something which will let prices go up?

And the price control law passed by Congress flatly said the law does not apply to ICC.

When the railroads asked ICC's permission to raise freight rates, ICC called hearings to let their railroads explain why they needed an increase.

OPS officials went to the hearings and told the members of ICC what the effect on inflation and living costs would be if freight rates went up.

But they didn't, since they couldn't, attempt to tell ICC what to do. So the latter wasn't working in the day when it approved an increase of nine percent in the east for the roads and six percent in the south and west.

Since the ICC has to be fair to railroads, the ICC members decided on permitting the freight increase for these reasons:

This country needs to keep their railroads in good running shape to carry goods; there's an emergency now; the railroads are spending, and will spend, a lot of money on much new equipment; a lot of this spending has been encouraged by the government and the "shipping public, with national defense primarily in mind."

All of which is a gentle reminder that the job of keeping down living costs, while trying to be fair all around, isn't simple.

How will the increased shipping costs finally be passed on to the buying public?

An OPS economist said the methods used for passing on the increases will have to vary because there are various OPS price regulations.

He said that in some cases, such as food, the increases may be passed on automatically.

In others businessmen handling the shipped goods must, before adding the extra cost to their price, get OPS permission to do so.

Placements for July Near All Time Record

Miller Reports
Farmers Make
More Requests

Farm hand placements by the Ohio Employment Office here neared an all-time record high during July, according to a report by Ward Miller, manager.

Miller said agricultural placements during June and July were 95 percent above those during the preceding two months.

Accounting for the heavy increase is the continuing rise in requests for help from farmers in this area, Miller pointed out.

"Farmers seem to be satisfied with our service. It makes it pretty handy for them to have men waiting to go to work and to come and get them and take them on the job," Miller explained.

During July the state employment office here placed 68 men in agricultural jobs as compared to 51 agricultural placements during June.

For the first seven-month period of 1951, placements were 55.7 percent above those for the same period in 1950.

Miller added that through the joint efforts of the Fayette Canning Co. and the Stokely's Canning Co. and his office all the seasonal help needed to pack sweet corn this season was obtained.

AMONG THE FEATURES OF THE Al G. Kelly-Miller Bros. Circus, which is coming to Washington C. H. next Saturday is the Kantolina Family of bareback riders, imported from the Pyrennes Mountains of central Europe. The Kantolina Family (shown above) is making its first American appearance this year.

The 55 gilts consigned to the sale sold for an average of \$148 apiece.

War Against Dope Is Pressed in Ohio

COLUMBUS, Aug. 10—(P)—Liquor Director William C. Bryant today began work on a pamphlet designed to help enforcement of-

ficers battle the illegal use of narcotics in Ohio.

Bryant heads a sub-committee of the government's committee on narcotics. The full committee recently delegated the work of preparing the pamphlet to Bryant, former chief counsel in the attorney general's office.

Meeting with Bryant at the sub-committee's first session were Albert Cook, federal district narcotics agent here; Dr. John D. Porterfield, state health director; and H. E. Hamlin of the state education department.

Hooded Seal Lost Far from Home

BRISTOL, Pa., Aug. 10—(P)—A hooded seal, far astray from its native greenland waters, swam and dived in the Delaware River, while hundreds of amused spectators wondered how it got there.

The seal was first sighted yesterday diving from a float anchored in the river behind the Bristol Elks Home. The crowd tossed it fish, and the seal responded so readily with antic displays many thought it might have got away from a zoo.

Actually, says Roger Conant, Philadelphia Zoo curator, the hooded seal is out of its element on land or in fresh water. Therein it differs from the sea loon, which is the species of the family seen so often in show business and in zoos. Conant said the hooded seal rarely ventures into the chemically polluted Delaware, for its water makes the mammal ill.

Over a Year Away and Still a Puzzle

Who will be the next president of the United States?

Your guess may be as good as anybody's. The situation presents a lot of puzzles.

One day this week a Washington C. H. business man was asked this question and frankly declared he was stumped.

"I'm certainly not for Truman and I like Taft", he asserted, "but I would regret seeing Taft become the Republican candidate. He belongs in the U. S. Senate."

In his further remarks this man made a statement which has been heard whispered around by many others. "I don't like to see Taft made to go through a lot of publicity 'monkey-shines' by some of his over-zealous friends, such as smoking a pipe with Indians and other such things", he said. "Taft does not fit into that sort of thing. He made a name as a straight-thinking student of government, not a side-show attraction."

Some months ago it was widely forecast that President Truman would not run again. Recent development make it look as if that forecast might be decidedly wrong. More and more people, including both supporters and opponents of the president, now think that he will ask for and receive the nomination.

There are various reasons for this. Mr. Truman has been nettled by the setbacks Congress has given his program—particularly in civil rights and welfare legislation—and he obviously believes that if he takes his case to the people they will support him.

He is intensely resentful at the attacks on Dean Acheson and other members of his administration and he wants his policies and his appointments to be justified by another victory at the polls. And he believes, in all sincerity, that he is the best man available for the biggest job in the world.

If Mr. Truman does not run, he will name the Democratic candidate. There is no argument about that. The power of the presidency is so great these days that it is inconceivable that the nominating convention would go against his wishes.

On the Republican side, Taft leads, but he isn't in by a long shot. The senator from

Ohio occupies a curious position. All concede that he is one of the ablest men in the Senate. He probably knows more about the complex workings of the government than anyone in public life today. He is thorough and conscientious and at times he comes close to brilliance. He has organized and led the president's opposition, and he has more to say about GOP policy than anyone else. Yet, even among his friends and admirers, there is a feeling that Taft could not win—that, from the vote-getting standpoint, he might be a weak candidate.

This is the feeling that Taft must overcome if he is to be nominated. In the meantime, he has more convention votes in his pocket than any other Republican possibility. It has been said he is General MacArthur's choice. If that is so, he has gained an important asset.

Most curious of all is the Eisenhower situation. The general's prestige is enormous, here and abroad. He has a record which is almost beyond criticism. He has a warm and attractive personality, and little of the austerity that is generally associated with top military men. But no one knows—or, at least, no one in a position to know—has said whether he is a Republican or a Democrat.

Eisenhower followers in both parties are urging his candidacy. And no one knows what his views are on many vital subjects. The general opinion is that he is a strong internationalist in foreign policy, and that he tends to a relatively conservative stand on domestic policy.

The polls indicate that President Truman's popularity is at a very low ebb. They also show General Eisenhower at the top in public esteem. But it is not likely that Mr. Truman puts much stock in polls after the 1948 miracle.

A few think that President Truman may decide voluntarily to retire, come out for Eisenhower, and thus dumfound the Republicans. Others are equally certain that Eisenhower will run on the GOP ticket if the nomination is offered him. In any event, the general is the biggest question mark in all the speculations.

Diet and Health Thyroid Deficiency Often Is Overlooked

BY HERMAN N. BUNDESEN

A severe lack of thyroid secretion shows itself in unmistakable ways. Since the secretion from this little gland in the neck acts as the pace-maker of all bodily activities, the lack of it is reflected in both physical and mental sluggishness. People so affected are likely to become fat as well as dull, and the fact that something is a miss is further evidenced by drying of the skin and hair.

The extreme form of this disorder is seldom seen in adult, but many people suffer from mild thyroid deficiency, in which the gland produces some but not enough of its secretion. This type of condition may often be overlooked.

As a basal metabolic machine. According to some physicians, a test for determining the amount of cholesterol in the blood is sometimes more indicative of whether or not a person is suffering from hypothyroidism, than is the metabolism test. When the cholesterol is elevated, hypothyroidism is indicated in most cases.

A low metabolic rate is not always indicative of hypothyroidism, since some persons may have a decreased metabolism and still not have hypothyroidism.

A striking improvement may be brought about in patients with lowered thyroid activity, by the daily administration of thyroid gland extract by mouth.

ESTATE OF JOHN STEPTER, DECEASED

Notice is hereby given to all interested parties that on August 8, 1951, an application was filed in the Fayette County Probate Court for an order relieving the state of John Stepter, deceased, from administration, alleging that the assets of said estate do not exceed \$1,000 in value. Said application will be heard by said court on September 1, 1951, at 10 A. M.

Women Rough Up News Photographer

ZANESVILLE, Aug. 10.—(AP)—A newspaper photographer was "roughed up" by a group of 50 women yesterday outside the strike-bound Philo plant of the Ohio Power Co., the Zanesville Times-Recorder reported.

It was the second time in three days a photographer had met difficulty at the plant. The cameraman, whom the newspaper did not identify, said the women grabbed him, and escorted him back to his auto.

Sheriff Harry J. Bealmer said the women blocked off a main entrance to the plant. He said they were urged on by a group of men standing nearby.

Rail Freight Rates To Be Increased

WASHINGTON, Aug. 10.—(AP)—Railroad freight rates are going up, adding an estimated \$548,000,000 to the nation's annual freight bill.

The Interstate Commerce Commission (ICC) yesterday approved application for nine percent increases in territory east of the Mississippi River and north of the Ohio and Potomac Rivers.

Six percent increases were authorized elsewhere in the country.

Railroad spokesmen indicated the new rates probably will go into effect Sept. 1.

Where the Indians Play Cowboy

SIOUX FALLS, S. D., —(AP)—When a guest departs, he usually drops his host a bread-and-butter note.

"And on leaving South Dak., I'd like to write a thank-you note to a state where I've had a world of fun and good food. The main thing S. Dakotans complain about is that the rest of America doesn't seem to know what they've got here "in the land of infinite variety."

"Maybe you'd better start off your article by pointing out that South Dakota is one of the 48 states," an editor remarked dryly.

What do they have out here, where the deer and the antelope played and the buffalo roamed? Well, you can still find buffalo, deer and antelope -- and some of the nation's greatest Indian reservations.

They've got 10 gallon hats, ear-to-ear grins, and a mile-deep gold mine. They've got endless miles of waving corn and wheat, and rolling oceans of grass studded

with fattening herds of cattle, they've got dinosaur tracks in stone. And not far away they've got a big B-36 airbase, where modern monsters of the sky rise to guard our northern frontier.

South Dakota is a mixture of the old west and the new west. The tourists love the legends and symbols of the old west, such as the small cemetery above Deadwood, where Bill Hickock and Calamity Jane lie side by side. Or they like to visit the homestead mine, which has yielded more than \$550,000,000 in gold since 1875.

The Indians are still willing to play Indian for the tourists. But for themselves they like to play cowboy.

"Most of them prefer to dress like cowboys," said one oldtimer. "And their ambition is to be ranchers."

The buffalo are on government preserves now and can thumb their beards at hunters. But sportsmen fly from both coasts here to hunt Chinese pheasants. They are almost as beautiful as Birds of Paradise.

All South Dakotans love their famous black hills, a wonderland of fish and game where the Indians believed the great spirit of Manitou dwelt. Once a year they made a pilgrimage into the hills to fashion their arrowheads and tomahawks.

Several years ago a few Sioux braves climbed atop Bear Butte, a former Indian signal post, for a fast in honor of Manitou that lasted several days. When they came down, spiritually exultant but physically starved, a white man asked what they'd like to eat first.

"Ice cream," Grunted the first brave.

The Black Hills are free of snakes, and Potato Creek Johnny, an old prospector, used to tell why. He said all the snakes in the hills once attended a convention and decided to hold a sun dance. As they were circling, one lazy snake caught on to the tail of the snake ahead in order to get a free ride. Soon all had done the same thing.

"Then they got hungry and began to swallow," Johnny said. "The more they swallowed the smaller the circle got. Finally they all just swallowed each other up -- and the circle disappeared."

And there hasn't been a snake in the Black Hills since.

Lie Factory Covers the World

It is important that emphasis be placed on the startling fact that most of the propaganda which all governments are issuing to their own people and to the world are either whole or partial lies, most of them, in time, provable lies. But the lie becomes fixed and leaves so permanent an impression, by constant repetition, that the factual truth can hardly catch up with it.

Let me give you this example:

Americans know that Harry Truman and Douglas MacArthur are on bad terms and expect to remain so. Americans know that MacArthur resents having been fired by Truman for no good reason that he can figure out except that Truman and the State Department wanted him out of the way.

On the other hand, Truman had reached the conclusion, often brought out in the hearings before the Russell committee, that

MacArthur had become a nuisance, disobedient and unpredictable.

The Russian version being scattered over the face of the earth is that MacArthur and Truman cooked up the show to foment public support of World War III. I quote from an article in "New Times," official Soviet propaganda organ:

"Here is a specimen of the way the 'MacArthur-Truman' spectacle is being staged. The dismissed general, accused by the government of being responsible for the defeats in Korea and of designing to provoke another world war, makes his appearance in the United States in the role of a national hero. Clad in full military regalia, he rode slowly through the streets of New York and Washington, greeting the crowds with arm raised in imperial gesture, for all the world like a dictator presenting himself to the people. Forces work assiduously behind the scenes to give MacArthur the broadest publicity..."

Of course, to a Russian this must have been an astonishing spectacle, for had it all happened in their country, generals MacArthur, Courtney Whitney, George C. Kenney, Charles A. Willoughby, representatives Joe Martin, and Walter Judd, and Senators Taft, Knowland, Bridges, Wiley and Brewster -- to mention a few -- would have been tried for conspiracy; they would have confessed; they would have been shot as guilty and anyone who questioned their guilt would have been shot too.

After all, General MacArthur has never been more important in the United States than Marshall Tukhashevsky was in Russia, but has Senator Taft ever

Sunday School Lesson

By ROY L. SMITH

Ours may be a hard world in which to become rich, but it is a marvelous world in which to live a great life. Fame may be fleet of foot and it may escape us quite easily, but profound satisfactions stand ready to walk with us every day along the rough ways.

Little Money Goes Far

Even a small amount of money can spell the difference between an education, complete or incomplete, for a boy. It happens in almost every college in the land that some boy of promise is compelled to drop out of school because he cannot meet his bills. The cost of one membership in a golf club might be enough to keep him at his books until he became a profitable member of society.

Even a small amount of money will keep a Scout Troop active, and 20 growing boys off the streets and out of the hands of the police. Some men spend enough for tips or smokes in one month to pay all the expenses of such a troop for an entire year.

Even a small amount of money will provide an American education for a European youth who might, if he had a chance, become infatuated with the American way in the process of getting an education, in one of our universities. What an investment in world peace he might become, and how great would be the reward of that one who provided the scholarship—at less than the cost of an expensive car.

World Investment

A crippled woman who lived out all her days in a wheel chair managed to earn a few dollars every week by painting miniatures, baking, and other little tasks. Quietly she began sending small amount of money to missionaries around the earth of whom she heard in one way or another. Having invested in their work she began reading about the lands in which they worked. Within the space of a few years she became unusually well informed on world affairs. Suddenly she discovered that she

had escaped her wheel chair. She was living in Cuba, Korea, China, Mexico, South America, and India, besides living in her humble little cottage. And in all it cost her no more than \$100.

Greatness in Prison

For 30 years Mrs. A. F. Hagin, of Greenwood, N. C., had been going to the jails to conduct religious services among those incarcerated. She preached to "her boys," helped them when they were released, wrote letters to their loved ones, and in a hundred ways proved an angel in times of terror. There were those who complimented her on "her noble work," and let her go on doing it alone. Some of them good naturedly assured her that she would have her reward "in heaven," but that was as far as they cooperated. Then one day the aging woman found a 19-year-old youth and listened to his story. In a hundred little ways she helped and finally went into the courts and secured his parole. Today the boy is an evangelist of note who has never betrayed his benefactress in word, thought or deed.

The Uniform Sunday School lesson for August 12: "The Christian's Use of Money and Goods," Matthew 25: 14-30; Acts 2:43-47; 19:23-41.

And the good woman did it all in her spare time. It was not that she had more spare time than other women of the community, but that she invested her few spare hours in greatness, and great satisfactions have been her reward.

All He Has Left

Dave Horst was a Kansas farmer of modest means who gave liberally to the college and the hospital. Then came the depression and his money disappeared. Now he goes down and stands out in front of the college and watches the young people come and go. Or late at night he goes down and stands looking up at the lighted windows of the operating ward. "I'm just drawing dividends on what I have left," he explains to his friends.

Ups and Downs For Retailers

Business as Whole Ahead of Last Year

NEW YORK, Aug. 10—(AP)—Retail business seems to be running as a mixed trend as industry as a whole. On the basis of July sales figures, some merchants seem to be singing a pretty cheery song, compared to the blues that other merchants have been chanting.

Many merchants, of course, aren't having much luck moving some lines of goods, lines in which consumers have bought all they want for the time being. And department stores are now comparing their sales figures with last summer's lofty totals, when a war scare sent record crowds on buying sprees. They can't hope to equal last year's sales volume.

But the figures on July sales of chain stores so far reported show 19 of them having higher dollar volume this summer than last, with gains ranging as high as 15 percent. Eight of the chains show July sales figures lower than a year ago, the biggest drop being 45 percent.

Ahead of Last Year

Most of the chains point out that this July their sales were running well ahead of July, 1949, a summer which merchants now like to think of as normal.

Dollar volume, of course, is no longer any kind of a comparative guide as to how much goods merchant is selling. Prices are up on almost everything he has in his store, and price rises have been higher in some lines than in others.

Scarce buying last summer also befuddles this summer's figures for comparison purposes. Department store sales look particularly bad just now, because so many of these stores carried the goods on which the customers were making a run in the days when they feared war would cut off supplies of such things as sheets, nylons, re-

covering the work in the school this week.

refrigerators, furniture, carpets and the like.

Some of the chain stores whose figures this summer are better than last carry few of the items on which the war scare runs were made. And much of this year's gains can be chalked up to higher prices.

Sales and Profits

Store sales and store profits are two different things, also. Higher costs and taxes are plaguing the merchant as well as the manufacturer.

Among the chains reporting July sales running behind last year are two department store chains: Mercantile Stores Co., with sales down 20 percent, and Interstate Department Stores, which sales down 11 percent. (The national pattern for all department stores was a drop of 15 percent.)

Sears Roebuck reports sales down 23 percent from last year but 54 percent above July, 1949. Butler Brothers sales are off 12 percent from a year ago, Spiegel sales are down 23 percent. Consolidated Retail Stores off 6 percent and W. T. Grant down 0.68 percent. Sterchi Brothers Stores show the biggest drop, 45 percent below a year ago.

Variety chains, food chains, drug chains, and a number of apparel store chains, however, show their sales figures running ahead of a year ago. These are less likely to have been affected by war scare buying last summer, and suffer less by that comparison.

F. W. Woolworth sales gained 7 percent, S. S. Kresge 0.3 percent, J. J. Newberry 7 percent, S. H. Kress 0.7 percent, H. L. Green 1 percent, Roe's 2.5 percent.

Rabies Control Seen in Vaccine

Mad Dog Weapon Given Many Tests

By HOWARD W. BLAKESLEE

NEW YORK, Aug. 10—(AP)—A new mad dog vaccine is in use this summer, with promising results.

This rabies vaccine not only protects animals but also prevents an infected animal from possibly passing the hydrophobia to another animal.

Rabies is spread by saliva. This vaccine has the added quality of preventing the infection from showing up in saliva. That seems to mean that if a vaccinated dog should go mad, his saliva could not do harm, either to humans or to animals.

To date, with 15,000 vaccinations, there have been no reported failures. Former vaccines usually were not one hundred percent effective. A few rabies cases appeared.

The new vaccine is made by the Lederle Laboratories division of the American Cyanamid Company. It is named Flury, after a Macon, Ga., child of that name, who died of rabies about ten years ago.

Some of the virus that killed her was taken by Dr. Harold N. Johnson of the Rockefeller Foundation, to Montgomery, Ala. He was working there on rabies at the time widespread in the south.

Dr. Johnson used this Macon virus as part of a routine search for new things in vaccines. He gave this virus to young chickens, thereby creating a new strain.

A Lederle Laboratories team, Doctors Herald R. Cox and Hilary Koprowski, modified the vaccine further by producing it in embryo chicks. This step got rid of the occasional temporary paralyzing after-effects of rabies vaccination.

The trade name is avianized rabies vaccine, avianized because chickens are the source.

The new vaccine then was tested on thousands of dogs in Georgia

Rise Is Predicted In Cost of Living

ATLANTA, Aug. 10—(AP)—Living costs are likely to go up 5 to 8 percent, says Michael DiSalle, boss of the Office of Price Stabilization.

DiSalle said in an interview here last night the OPS was going to try its best to tie prices down, but that he didn't see how this could be done under the new price control laws.

He predicted that the next 12 months would see from 10 to 16 billion dollars added to family budgets.

"We had about nailed prices down when Congress passed the new price control law," DiSalle said.

Films Taken of Farm To Show on Television

Filmed pictures of the Alpha Farms taken Thursday will be shown Sunday at 4:30 P. M. on Bill Zipf's program over WBNS-TV, according to an announcement today. A television crew took the pictures of the sprawling 2,000-acre farm at which the recent Fayette County Soil Conservation Field Day and district plowing matches were held.

and New York. In Georgia the tests were supervised by Dr. L. E. Starr and Dr. Thomas Sellers of the State Department of Health. In New York by Dr. Alexander Zeissig of the State Department of Health, and in New York City by Dr. Ralph Muckenfuss, Morris Greenberg and Herbert Baum of the city's health department.

About 10,000 dogs were tested. There were no bad reactions. Many dogs were given huge doses of rabies virus, enough to kill. Not one of these dogs got sick.

The trade name is avianized rabies vaccine, avianized because chickens are the source.

Nurses Elect Miss Darlington As President

The regular meeting of the Fayette County Professional Nurses Association was held Thursday evening at the Nurses Residence, with Miss Christine Evans, Mrs. Lucy Randolph and Miss Evelyn Free as hostesses. Mrs. Samuel Douds president conducted the business session during which reports for the past three months were given.

Mrs. Joseph Herbert, treasurer, reported a small amount was cleared at the Field Day concession.

Miss Gretchen Darlington, finance chairman reported that the nursing student sponsored by the members has completed plans to enter nursing training Sept. 1.

Mrs. Richard Gillen reported that the American Legion Aux-

iliary had been presented with creamers and sugars, potholders and tea towels in appreciation for their help at May Day Breakfast.

Mrs. Clare Louise Boren chairman reported progress is being made in contacting blood donors for the August 22 visit of the Blood Bank here.

Nurses who volunteered their services for the Blood Bank were Mrs. C. P. Wagner, Miss Gretchen Darlington, Mrs. Marvin D. Roszmann, Mrs. Samuel Douds and Mrs. Richard Gillen. Miss Evans personally thanked the members for their cash contribution to the hospital and announced that an incubator had been ordered.

Mrs. Wagner was appointed to audit the treasurer's books and the annual meeting on Sept. 13 will be a dinner at 7 P. M. at the Anderson Drive In. Election of officers was held and resulted in Miss Gretchen Darlington being chosen as president; Miss Christine Evans vice president; Mrs. Virginia Stemple, secretary; Mrs. Ben Glover treasurer; Mrs. Eugene Ladrach public relations officer and trustee Mrs. Charles Shaffer.

Miss Jane Jefferson was made an honorary member of the association in appreciation of the many favors in the past.

A social hour followed and tea delicacies were served from a table centered with a lovely arrangement of gladioli, with Mrs. Lucy Randolph presiding over the silver coffee service.

Tenth Birthday Is Celebrated At Wiener Roast

Henry Roszmann was the guest of honor Thursday evening when his mother, Mrs. Marvin H. Roszmann, included the members of his Cub Scout Den as guests at a wiener roast on his tenth birthday anniversary.

The boys were taken to the Fairgrounds Roadside Park where they enjoyed a round of games before being served the appetizing wieners, roasted over an open fire, with the accompanying picnic viands, ice cream and birthday cake.

Henry opened his lovely array of gifts and another round of games were enjoyed.

Mrs. Roszmann was assisted by the Den Mothers, Mrs. Harry Ferguson and Mrs. Paul Van Voorhis. Boys included were Ronnie Carter, Marilyn Flee, Michael Lawrence, David Ferguson, Charles Hire, Billie Van Voorhis, Tommy Rodenfels, Joe Coulter, Jimmie Kirk and Jack Gillen.

Mrs. Earl Scott Is Hostess to WCTU Members

The August meeting of the Sugar Grove WCTU was held at the home of the president, Mrs. Earl Scott who presided over the business session.

Mrs. Frank Haines was devotional leader, using as her Scripture reading the First Psalm and closing with prayer. The usual reports were followed with the election of officers which resulted

White Oak Grove WSCS Meets At Coil Home

Members of the White Oak Grove WSCS met at the home of Mrs. Franklin Coil. Mrs. Kyril Betz president conducted the meeting which opened with the hymn "Wonderful Words of Life," and prayer by Mrs. Ray Cummings. Mrs. Cummings was also program chairman and the topic for discussion was "Life and Its Worth, Especially to Older People."

It was decided after the discussion to do things needed to make older people happier and Miss Maxine Gilmer was appointed to investigate what assistance the society can give older folks. The mission quota was met according to the request, and Mrs. John McFadden was appointed Spiritual Life Leader for September. Special reports for the month included 44 cards sent, two bouquets, three donations and fourteen calls made. Mrs. Donald Rife and Mrs. Robert Case were appointed to be in charge of purchasing a vacuum cleaner for the church and it was decided to sell greeting and Christmas cards which is an annual project of the society.

An invitation was extended the group to attend the church picnic which is being sponsored by the Christian Helpers Class at Le Sourdsville Lake Sunday August 12.

A social hour followed and Mrs. Coil assisted by Mrs. Russell Theobald, Mrs. Charles Theobald and Mrs. Ralph Theobald served tempting refreshments to the twenty members and ten guests present.

In the same officers being retained for another year.

This being the last meeting of the calendar year, the members engaged in an enthusiastic discussion on various topics introduced by the program leader Mrs. Charles C. Marine, which centered around the narcotics problem found in the state of Ohio and the way it is being handled; social drinking and its dangers and how a Christian can avoid the social use of alcohol; the teen-agers and the use of marijuana and the need of alcohol education. The meeting was closed with the WCTU benediction and during the social hour Mrs. Scott seated her guests at an attractively appointed table centered with a bouquet of summer flowers for the serving of a tempting dessert course.

Long Shot Wins Hambletonian

Trot Classic Won Handily By Mainliner

GOSHEN, N. Y., Aug. 10.—(AP)—A horse purchased sight unseen while his trainer was fishing bosses the nation's three-year-old trotters today as the result of an unexpected straight heat victory in the richest of 26 Hambletonians.

Mainliner, owned by building contractor Ralph H. Kroening of Milwaukee and trained and driven by veteran Guy Crippen, stepped away from 20 other high class trotters in 2:02 3-5 and 2:04 3-5 to take down \$51,347.26—winner's share of \$95,263—at Good Time Park yesterday.

Few in the crowd estimated at 15,000 thought the son of Worthy Boy would win and even fewer ever figured the buggy whip derby would be over in the minimum of two heats.

But Crippen, who has been riding sulky for 35 of his 59 years, knew he had a good horse in front of him and he proceeded to prove it.

He BEAT BACK the challenge of Spennib, one-half of the favored entry from the Hayes' Fair-acre Farm of Du Quoin, Ill., in the first mile and then came from off the pace to whip a pair of outsiders in the second after the more highly regarded trotters faded in the stretch.

Crippen, making only his second appearance in trotting's Kentucky Derby (he finished third with Lord Steward last year), got his first glimpse of Mainliner less than a year ago.

"Well, do I remember that day," said the western Allis, Wis., reinsman with a twinkle in his eyes. "It was after the meeting at Milwaukee, Mr. Kroening told me I had been doing a good job and to take a few days off and go fishing."

"You don't have to tell me twice to go fishing."

"But I was no more back in the house after catching a few fish when the phone rang. It was Mr. Kroening. And the news was he had purchased Mainliner sight unseen from Sep Palin for \$25,000."

YESTERDAY THE COLT was well placed in the bulky field and Crippen took full advantage of the opportunity. When Great Hanover swung out in front within the first quarter-mile of the first heat and then gave way to Spennib at the half, Mainliner never was far out of contention.

Crippen moved the Wisconsin-owned trotter into command a quarter-mile from home and he went on to win by two lengths. Spennib beat off the challenge of Mrs. L. Wehler's Yankee Hanover for second place.

Mainliner was so lightly regarded he returned \$56.30 for a \$2 win mutual. And even in the second heat he was not the choice, paying \$8.50 to win.

The second heat was much like the first. Crippen kept Mainliner off the pace as Betsy Volo and Mighty Fine, Spennib's stablemate battled for the lead.

In the home stretch, however, it was Mainliner by two lengths with second going to Leo McNamara's Scotch Rhythm of Carmel, Ind., second, and Candy Man, owned by K. D. Owen of Houston, Texas, third.

In the final standings second money of \$18,347 went to Spennib; third (\$11,203) to Scotch Rhythm; fourth (\$5,601) to Candy Man; fifth (\$3,734) to Yankee Hanover and sixth (\$2,800) to Bernie Hanover, fourth in the first heat.

Rockers and Armco Win Tourney Games

Spectators at Wilson Field got variety in the two games of the county softball tournament Thursday evening.

Rocking Chair Inn barely squeezed by Armbrust, 5 to 4, in nine innings but Armco slaughtered VFW 23 to 1 in four innings.

Pennington's Bakers and the Frenchmen will tangle in the first game (loose bracket), starting at 7:30 P. M. Friday evening (tonight) and Rocking Chairs will play the VFW in the second game of the evening.

Armbrust, who didn't win over four or five games during the regular season, led the city champion Rocking Chairs for five innings and stayed tied with them for four more innings before the champs could manage to push across the winning run.

The Armbrust team played terrific ball in the field, snagging flies and completing plays when it counted.

At bat, the Armbrusters led off with one run in the first and two more in the second inning before the Rockers could score a run. They tallied another run in the top of the fifth to lead the Rockers five to one.

It was a case of "do or die" for the Rockers in the bottom of the fifth and they managed to score

three runs in the inning to tie the game and send it into extra innings.

No scoring took place until the Rockers, in the bottom half of the ninth inning were able to score on a triple by Whitmore and a single by Crosswhite.

ARMCO MADE SHORT work of their game with the VFW in the second tilt of the evening. Armco got three runs in the first, six in the second, seven in the third and seven more in the top of the fourth before the towel was tossed in.

Three Vet pitchers faced the winners, but none of them could slake the big guns of Armco. Black, Armco lead fielder, got four hits in four trips and Blankenship, right fielder, got three hits in three trips to the place for a perfect evening.

Reds Blow Up And Cubs Win

Indians and Yanks Tied for AL Lead

By JACK HAND
(By The Associated Press)
The Chicago Cubs teed off for four runs in the ninth inning yesterday to blast the Cincinnati Reds, 5 and 4.

Howard Fox looked like a safe bet when he went into the last of the ninth holding a 4-1 lead but he folded fast and left the mound under heavy fire.

With two runs in and the bases loaded Fox was yanked for Frank Smith and one pitch ended the game. Ransom Jackson slapped it into left field for a single and the two runs that meant a 5 to 4 Chicago victory.

The "grandstand managers" had a field day over at least one of the Reds' antics, too.

That came in the seventh when the Rhinelanders filled the bases with one out. Hank Edwards was pulled out in favor of Joe Adcock. Just one run didn't mean a whole lot to Cincinnati at that stage of the game but Adcock bunted -- right into a double play.

The Reds picked up their 4 to 1 lead in the sixth inning.

"WHO DO WE PLAY in the world series?" That's all Brooklyn wants to know.

With a 12 1/2 game lead in the National League, the Dodgers can start scouting the American League contenders. Unless the Brooks fold completely in their last 50 games, they're in.

A clean sweep of their three-game series with New York, capped by yesterday's 6-5 decision on Roy Campanella's two homers, just about put the clincher on it.

No such thing in the American where New York and Cleveland rest in an exact 66-39 tie with 49 to play. Boston, another 4 1/2 back, and Chicago, only 7 games out, remain in the picture.

New York regained a piece of the lead with the help of Washington's Gil Coan who dropped two fly balls to give the Yanks three unearned runs and a 6-4 decision. Cleveland and Chicago were idle.

Boston could do no better than a doubleheader split at Fenway Park with the Philadelphia A's. The Red Sox bounced back in the second, 5-3, on homers by Walt Drope and Vern Stephens after losing the opener, 6-5. Fred Sanford and Satch Paige teamed up with a five-hitter for St. Louis' 6-3 victory at Detroit.

ROOKIE CHET NICHOLS of the Boston Braves ended the Phils' five-game win streak with a 5-4 win; Chicago rallied for four in the ninth to edge Cincinnati, 5-4, and Cliff Chambers of St. Louis strut out his old Pittsburgh mates with five hits, 4-0, in a night game.

Campanella's second homer for Brooklyn broke a 5-5 tie in the seventh off loser Sheldon Jones, Clyde King, fifth Dodger pitcher, won his 12th with a scoreless three-inning job. The three-hour-

Herb Dean All-Stars took a 7 to 5 decision from the Tenor Rockets of Springfield, in the women's district softball tournament Thursday evening on the Memorial diamond in Sabina.

The Rockets will play again Friday evening in the losers bracket, they will play the Fairborn girls team starting at 7:30 P. M.

Rose Song Wins Again; Floating Dream Upset

Fayette County may be disappointed over missing having an entry in the Hambletonian by a kick and a minute, but they did get in on the big harness horse racing extravaganza at Good Time Park in Goshen, N. Y., Thursday afternoon.

When Frank S. Jackson was a minute late in posting his entry for Darnling to start in the Hambletonian because of delay after his trainer-driver, Eddie Havens was kicked by a horse, Fayette Countians had to settle for a couple of the Hambletonian Day secondary features.

In one, Floating Dream, the sensational pacing filly owned by McKinley Kirk of Washington C. H. and the Valley Brothers of Waverly, finished seventh in both dashes of the Geers Stake for three-year-old pacers.

Driven by Kirk, the Dream took and early lead but faded in the stretch drive in both dashes.

When she finished seventh on Hambletonian Day, it was the first time The Dream has been out of the money since last year at Delaware. Previously, this year, she has had seven wins, one second and a third in nine starts. She is still the leading money-winning three-year-old pacer of this season with \$18,865.

Tar Heel, a stablemate of Solicitor, won both dashes, the first in 2:01, fastest mile of the year for a three-year-old pacer, and the second in 2:01.3.

Tar Heel and Floating Dream probably will meet again in the Little Brown Jug, the three-year-old pacing classic, at Delaware next month.

Solicitor, who has beaten both Tar Heel and Floating Dream

30-minute game was marred by bickering with the umpires and a new league record of 24 walks by both clubs. The old high was 23 set in 1910 and tied in 1911.

Umpire Art Gore cleared the Dodger bench in the second after banishing third baseman Billy Cox.

Jamestown Wins In Tourney Game

Jamestown moved into the second round of the winner's bracket of the District softball tournament, being played at Sabina, by defeating the Sunset Royals of Clarke County, 4 to 3, Thursday evening on the Memorial diamond.

Guy Easter, the winning pitcher, gave up six hits, one of them a homer by Johnson, as he went all the way for the win.

Yancey of the Royals only gave out three hits, but one of them was also a homer. This one was by Morgan with one man on.

Friday night's game will be between the Irwin Auger Bit team of Wilmington and Hamilton Burger Beer. The game starts at about 9 P. M.

Army Coach Praised by Ousted Cadet

DAYTON, Aug. 10—(P)—Center Bob Haas of last year's Army football team said last night he is one of the 90 cadets facing dismissal from the academy on charges of cheating on exams.

Haas, a former Dayton Fairview high school star, told the Dayton Journal Herald in a telephone interview, he wasn't ready "to make any kind of statement about this thing. I want time to think it over."

Haas, who is a first classman (senior) at West Point, said he and other cadets identified themselves as involved yesterday to "express our feelings about how we felt concerning Colonel Blaik (Earl Blaik, Army's head football coach)."

"I said I felt the Colonel shouldn't leave the academy, and that if he did, West Point would be losing the greatest coach in the country, and one of the finest gentlemen I've ever known," said Haas.

Hemsley Is Fired As Team Manager

TEXAS CITY, Tex., Aug. 10—(P)—Rollie Hemsley, former major league star catcher who won two baseball championships in as many years as a manager in Class AA and AAA ranks, said last night he had been fired as manager of the sixth-place Texas City club in the Class B Gulf Coast League.

Shortly after a spokesman for Club President E. H. Thornton, Jr., announced Hemsley had "asked for his outright release," Hemsley denied the report and said: "I have been fired. I have never quit a job in the middle of the year."

Last year his Columbus, O., club won the American Association playoffs and the Little World Series title.

2 Toledo U. Cagers Allowed to Quit

TOLEDO, Aug. 10—(P)—Two of five University of Toledo basketball players involved in a gambling "fix" of cage games have been allowed to withdraw voluntarily from school, President Asa S. Knowles disclosed yesterday.

The two—Robert McDonald of Jamaica, N. Y., and Jack Feeman of Akron—will have their records annotated, however, to show their part in the athletic scandal, Knowles said.

Of the other three players involved, Joseph Massa, Brooklyn, N. Y., freshman who brought a New York gambler here to rig the point spreads of T. U. games, has been expelled and Carl Muzi of Akron and William Walker of St. Albans, N. Y., were graduated in June.

"IT'S SO EASY TO PLACE A WANT AD."

'Sociology Cruise' Moves Down River

MOUNDSVILLE, W. Va., Aug. 10—(P)—Four young adventurers—two bachelors and two unmarried girls—were floating down the Ohio River again today in what they call an experiment in sociology.

They shoved off on their raft "Lethargia" yesterday, hoping to hitchhike all the way to New Orleans. The voyage was interrupted two weeks ago when the raft turned over near here and the four had to swim for their lives.

Mary Ellen McGrady, 24-year-old sociology student from the University of Michigan, is skipper of the 12 by 20 foot raft. She describes the trip as an experiment to find out how people adjust themselves to living in a small place.

Others on the floating laboratory are Geraldine Garcia, 23, Boston artist; Milton Borden, 30, New Bedford, Mass., and Don Brown, 24, Detroit, another University of Michigan student.

Children Donate To Help Playmate

PITTSBURGH, Aug. 10—(P)—Children are flocking to a certain neighborhood candy store here, but not to buy sweets. They are filling a box with nickels and dimes to help buy a new arm for a playmate.

The donations are for 12-year-old Janet Cooper, whose right arm was amputated last Saturday. Janet fell from a swing a few days before and the arm became infected.

Three of her friends—Bonnie Balach, Danie Bruner and Dolores Kascak—decided the nicest gift they could offer would be an artificial arm. They talked it over with their parents, who started the fund. The contribution box was set out in the store, run by Bonnie's father.

Roosevelt Feature To Royal Pastime

WESTBURY, N. Y., Aug. 10—(P)—Royal Pastime won the Budd Doble Trot at Roosevelt Raceway last night in 2:06 1-5 for his second win in five trips to the post this season.

Owned by William Rorech, of Westbury, N. Y., and driven by Pierce Chappel, the four-year-old boy horse took the lead at the three-quarter pole to gain a length victory over Brewer's Gallon. Blitsen Up was third.

Royal Pastime returned \$6.10, \$3.10 and \$2.90.

26 Paratroopers Hurt By Premature Shell

FORT CAMPBELL, Ky., Aug. 10—(P)—An eight pound armor-piercing bazooka shell exploded prematurely on a firing range yesterday and injured 29 paratroopers.

Lt. Col. Reginald Jackson, public information officer, said four of the men were considered critically hurt. All are attached to F Company, Second Battalion, 503 Airborne Infantry regiment.

DAILY CRYPTOQUOTE—Here's how to work it:
A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

NEW YORK, Aug. 10—(P)—First telecast by the CBS-color system of a major league baseball game, scheduled for Saturday afternoon, is to be confined to the New York area via station WCBS-TV. The teams are the Brooklyn Dodgers and the Boston Braves playing at Ebbets Field.

A previous announcement had indicated there would be a network relay, but plans had to be changed to comply with a baseball agreement which limits the area of broadcast of a regular season game. This applies even in the case of color whose audience of necessity is restricted to special receiving equipment.

Red Barber and Connie Desmond, the regular Dodgers' announcers on local radio and black and white TV, will be talking for the color too, the telecast to open shortly before 1:30 P. M. Eastern Daylight Time.

The baseball comes after a four-week

series of Saturday horse racing, which went to a limited network. It will continue for two more games two weeks apart, Aug. 23 and Sept. 6.

This will mark the second television "first" for the Dodgers. On Aug. 26, 1939, they became the first major league team to be seen on black and white television via the NBC New York station which on April 30 that year had inaugurated regular program service. The Cincinnati Reds were the competing team.

Smiling Ed McConnell is returning to his radio and TV shows for children on Saturday morning after the usual vacation, but in doing so the video is being shifted from NBC-TV to CBS-TV as his radio stays on NBC. The schedule: NBC radio 9:30 A. M. at a new and earlier time, CBS-TV 11:30 A. M. (EDT) this series being relayed from films produced in Hollywood.

Another new video series for CBS-TV at 6:45 P. M. (EDT) is Patricia Bowman's show in which the ballerina will be hostess of a musical show with guests and dancing.

Special for tonight's radio: MBS 9:30 Reopening of Brevard, N. C. Music Festival, 75-piece symphony. Jeanne Mitchell violinist and Gov. Kerr Scott of North Carolina, speaker.

Prince and Princess

To Pass Up New York

LONDON, Aug. 10—(P)—Princess Elizabeth and her husband, the Duke of Edinburgh, will not

visit New York on their American tour this fall, it was learned today.

They have sent a message to Grover Whalen, chairman of the New York mayor's reception committee, expressing "deep regret" at being unable to visit the city.

At Least 19 Killed

In Floods in Italy

COMO, Italy, Aug. 10—(P)—At least 19 persons have been killed in a flood which continued its wild rampage in this area today after 36 hours of heavy rain. Several score are reported injured or missing, and one village is completely isolated.

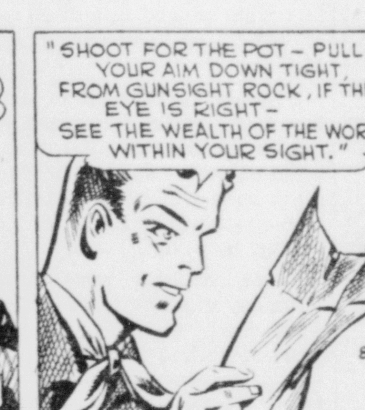

Seventeen of the deaths were caused by the breaking of the Damasco Dike, which sent a great wall of water crashing into Gera Lario, a village of 700 people.
